WHAT MAKES US SPECIAL

It's our positive and caring attitude that make us at Mulberry Court Care Home such a success at what we do. We work together as a single team – while celebrating the differences that make people special as individuals.

We want every resident, and their family, to know that the care they receive will be delivered with kindness, thoughtfulness and respect, in a safe, friendly, comfortable and welcoming environment. Our philosophy for each resident is that he or she truly matters.

- Positive thinking: we believe that only the best will do. We enjoy challenges and are satisfied only when we achieve great results for our residents.
- Excellent Care: providing care to our residents is what we do best, and we excel at it. By paying attention to detail and taking pride in our work we ensure the highest standards are maintained.
- Great Service: our dedicated staff all love to serve, and that not only makes us productive, it also makes for a great home for our residents.
- Fresh Thinking: we're always looking for better ways to do things. We listen to suggestions and because we act on them we're constantly improving.

“The bedrooms are nice and comfy and the staff treat the residents with compassion and empathy. I would highly recommend this place to anyone looking for care of their relatives.”
P.L. (daughter), August 2017

OUR VISION

At Mulberry Court Care Home we are totally committed to our vision, which is to:

- constantly improve and develop the quality of care, support and hospitality we provide
- ensure that Mulberry Court is always a safe and comfortable home from home
- use our experience as it continues to grow, to ensure the highest standards are maintained in every area of our care provision
- develop meaningful partnerships with the people we support and their family and relatives
- support our staff, through training, mentoring, and external courses

CARE OPTIONS

At Mulberry Court all our residents are individuals with individual needs, and we are able to provide a number of different special care options to suit almost everybody.

RESIDENTIAL AND NURSING CARE

Our Residential Care is designed for those who find it difficult to manage at home without additional help, or who need the support of fully qualified nursing staff.

Our main aim is to ensure that our residents enjoy a fulfilling lifestyle tailored to their specific individual needs. Our committed team of qualified and committed professionals provides residential care 24 hours a day.

RESIDENTIAL AND NURSING DEMENTIA CARE

Our Dementia Care facilities are designed to give comfort and familiarity to those suffering from memory loss.

Care is individualised and based on a person's life history, whilst also involving and empowering their families. We ensure that a resident's current strengths and abilities form the basis of their care, rather than focussing on their weaknesses or disabilities.

RESPITE NURSING CARE

We provide Respite Care for people who may require a short or temporary stay, perhaps in order to recover from an illness or an operation; this care is available to people of all ages.

Depending on the specific needs of the individual there are different types of respite care which Mulberry Court can provide; the length of stay can vary from a few days to several weeks or months.

DAY CARE

Our Adult Day Care is a community based service which offers support to individuals with a range of physical and learning disabilities.

We organise a wide range of daily social activities from arts and crafts to dancing and quizzes, all of which are based within the local community. Individuals can also access health related activities such as keep fit classes and sensory sessions, and will benefit from opportunities to:

- Meet new people
- Learn new skills
- Help the environment and the local community
- Develop skills and independence.

“The staff are so welcoming to visitors and residents and I could see straight away how happy and comfortable the residents were. Lovely to see such a nice care home.” Zach T (volunteer), August 2017

DINING DELIGHTS

Mealtimes are a highlight and social focus for the day; food and nutrition play an important part in life at Mulberry Court.

We provide wholesome and well-balanced meals and of course we are able to cater for individual dietary requirements. All meals are freshly prepared and cooked on the premises by fully trained staff; their efforts regularly surpass our residents' expectations.

We source our foods from a number of local suppliers and we receive regular deliveries of fresh natural produce. Our menus are varied and reflect seasonal changes.

On fine days, dining outside on the patio and in the garden is always a popular choice with our residents.

In addition to the main meals of the day we serve morning coffee with biscuits and afternoon tea with delicious home made cakes. Evening drinks are served before bedtime with a selection of snacks available.

“The home is very caring and provides a good range of food for the residents. The home also has a number of themed nights with a variety of foods.” Gurwinder K (relative), August 2017
